Health Cover for Full Family

## Health Protection Plus (Plan\_No:-902)

### Introduction:

Health is a major concern on everybody's mind these days. With sky rocketing medical expenses, the possibility of any illness leading to hospitalization or surgery is a constant source of anxiety unless the family has actively provided for funds to meet such an eventuality. Most families rarely provide for healthcare, and even if they do, it is grossly inadequate. Given this scenario, LIC has launched LIC's Health Protection Plus plan, a unique long term health insurance plan that can combine health insurance covers for the entire family (husband, wife and the children) ? Hospital Cash Benefit (HCB) and Major Surgical Benefit (MSB) along with a ULIP component (investment in the form of Units) that is specifically designed to meet Domiciliary Treatment Benefit (DTB) / Out Patient Department (OPD) expenses for the insured members.

### Premium Payment.

Mode of Payment: Yearly, Half-Yearly & Monthly (ECS Mode only)

### Sum Assured.

The Principal Insured must first choose the respective levels of HCB for each member to be covered under the policy. The sum assured for major surgical benefits will be 200 times of the HCB you choose.
